

Which RSE statutory requirements are we working towards in Year 1?

Kapow Primary's RSE scheme takes a spiral approach to the curriculum and therefore these areas will be revisited and further developed in the subsequent year group.

Families and people who care about me:

- Families are important for children growing up because they can give love, security and stability.
- The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.

Caring friendships:

- How important friendships are in making us feel happy and secure, and how people choose and make friends.
- The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties.
- That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.

Respectful relationships:

- Practical steps they can take in a range of different contexts to improve or support respectful relationships.
- The importance of self-respect and how this links to their own happiness.
- What a stereotype is, and how stereotypes can be unfair, negative or destructive.

Being safe:

- Each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- How to respond safely and appropriately to adults they may encounter (in all contexts) who they do not know.
- How to recognise and report feelings of being unsafe or feeling bad about any adult.
- How to ask for advice or help for self and for others, and to keep trying until they are heard, including having the vocabulary and confidence to report concerns or abuse.

Year 1: How is RSE covered in Kapow Primary's RSE lessons?

Strands within the Kapow Primary scheme will explore the following topics and concepts:

Families and relationships:

- Exploring how families can be different.
- Characteristics and impact of positive friendships.
- Learning that issues can be overcome.
- People show feelings differently.
- Issues around stereotyping.

Safety and the changing body:

- Learning how to respond to adults in different situations.
- Distinguishing appropriate and inappropriate physical contact.

Health and wellbeing:

- Exploring personal qualities.
- Strategies to manage feelings.

How is my child taught about puberty and human reproduction?

Each year group will be taught at an appropriate level for their age and developmental stage, building on the previous years' learning.

Children of ages 5-6 are taught:

- Acceptable and unacceptable physical contact.
- The differences between boys' and girls' bodies.
- Scientific names for body parts (mixed-age lessons will also include the teaching of the following body part names: testicles, penis, vulva and vagina).

All lessons are taught using the correct, scientific terminology, child-friendly language and diagrams.
